FOOTNOTES					
stuck tuning slides					
Sometimes these come out fairly easily, other times they do not. On some instruments, especially Yamaha, the tuning slide may have to be cut out and another obtained and fitted. Customers will be notified if this is the case. In any event a charge will be made for trying.					
Operations indicated in columns are carried out in the following services					
1 Service not available	1				
2 Seek an instrument examination and quotation		2			
3 Short service			3		
4 Full service (EXCLUDING PARTS)				4
